SUPPORT WHAT MATTERS MOST

Meet Mono: The smart 2nd generation bench system for today's talent worker

FUTURE-PROOF RESILIENCE

Longer occupation and regular reconfiguration; more is demanded of the workplace desk, and it needs to stay looking good. Mono's triple beam, 60mm frame system brings a rock-like stability, with resilience to continual breakdown and rebuild.

SUPPORT WELL-BEING

Sitting is unhealthy – it's a fact. Mono sit-stand upgrade can be fitted to any position making it easier to provide a personalised approach to the welfare of your most valuable asset.

CAN-DO MONO

LEARN TO LOVE
UNEXPECTED
CHANGE WITH
MONO'S SLIDING
BEAM SYSTEM.

Today's workplace changes fast. Need fewer desks? More? Narrower positions? Added storage? Choose a system that adapts as fast as you do.

MAKE IT YOUR WAY

Need something special to make it work for you? Spacestor's wholly-owned British and American factories mean customisations are easy and welcomed.

A TRUE TEAM PLAYER

Mono creates landscapes, neighbourhoods and zones by seamlessly integrating with storage, dividers, lockers and seating. Its ability to work with other furniture reduces cost, improves aesthetics and delivers a complete and coordinated workplace solution.

SYNERGISE.
DO MORE

MONO RETRO-FIT SIT-STAND

Mono has been designed with sit-stand built in, not added on. Retro-fit height-adjustable into any position to give ultimate user welfare, budget control and future flexibility.

Conformed to British Standards

Spacestor's patented safety mechanism: The gap-free, fail-safe solution to the hazard created by powered rise-fall desking.

MONO SCREEN SYSTEM

Freestanding frameless

System frameless

System frame with toolbar

Frame mounted screen system

Three screen systems including a frame mounted option for ultimate strength and stability.

Choice of screens

MONO ACCESSORIES

Paper tray

Monitor arm

Caddy
