Palisades

Palisades

Palisades is a customisable modular zone divider with a mid-century modernism style, giving flexibility to today's more transitory workforce. Choose from Grid or Wood with numerous accessories – each creation

Palisades Grid

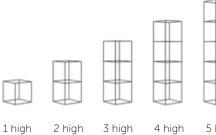

Grid is a highly versatile tubular construction available in either black or white powder-coated steel. It is the lighter, more open version of the Palisades range with design roots in mid-century minimalist modernism.

Palisades Wood

Wood is a lacquered plywood construction designed to give a warm natural feel to bookcases, zone-dividers or desk-end modules. Built on the classic open shelving look, Wood has a bias towards storage capacity and shelf strength.
